MANAGER OF RESIDENCE
DAVID HARE

It is with great pleasure that I pick up my pen to write these words for the 1998/99 edition of the Residence Yearbook! I am looking forward to viewing this edition as I have heard many exciting comments throughout the year as subjects and various materials were being captured on camera for this creation.

This year has been one filled with numerous opportunities for one to round out the "residence experience." Friendships have been formed that will last a lifetime. Involvement in residence at Lakehead has contributed to the overall environment that will affect the students in residence for years to come.
Your participation on the various committees is important and has provided the University with the opportunity to reflect the needs of the residence population. I look forward to next year's challenges to continue with this trend of addressing the needs of the ever changing population.

Time has certainly flown by! For those of you graduating to other pursuits . . . best of luck to you in your future endeavours! For those of you coming back . . . I look forward to working with you in the near future! My best to you as you finish the final few weeks of this year.
Good luck to all of you on your exams and have a safe and happy summer!

David Hare

RESIDENCE LIFE COORDINATOR
NORMA JEAN NEWBOLD

I am very pleased to write this entry in the year book this year. It has been an exciting time at Lakehead University. The strategic plan of the University will be complete at the time of printing. I hope that all sectors of the University worked in partnership to create this document. It is my hope that the plan will assist in ensuring a bright future for the University. We are fortunate to have such a wonderful student body within the Residence. I am privileged and honoured to be able to work with this diverse and unique community. I wish each and everyone of you the best in the year 2000 and beyond.

Sincerely,

Norma Jean Newbold
Residence Life Coordinator

RESIDENCE PROGRAMMER
BRENT EVANS

Well kids, it's been fun. I hope that everyone has enjoyed their year as much as I have. For those of you I met during the year, I hope the transition to University was a successful one. The year has been a full and fast one. It is mind boggling to me how fast every year flies by.

I hope that everyone remembers the fun they had and the friendships they made during the Lakehead Late Show, Froshfest, res.sports, L.U. Hockey Nights, L.U. Basketball and Volleyball games and even those times just hanging out with your house.

Living in Residence adds a special part to being at University. It definitely adds to your learning experience, but it also allows you to get to know many people you may never have had the opportunity to meet. May you cherish your memories and friendships, and take what you have learned with you for the rest of your lives.

Things would not have run as smooth as they did without the help of some very important people. Thanks to Norma Jean, David, and all of the Residence Assistants for their help and support. Thanks to Aisling and Billi Jo and the yearbook committee for all their hard work. Thanks to Kate for putting together res. Sports, thanks to all of you who sat on a wide range of committees, and last but definitely not least - the House Presidents. Thanks girls and guys for your never ending dedication, hard work, enthusiasm, and making me laugh.

See you next year, don't be afraid to come down to the LUSU office for the story of the day.

Sincerely

Brent Evans

YEARBOOK EDITOR
AISLING MCGILLY

Well, I cannot believe that it has all come to an end . . . I present to you the 1998/99 Lakehead University Yearbook! A huge thank you goes out to the yearbook committee... you guys rock!!! To Billi Jo, the House President Rep. for the committee and a close friend, thanks for all your help . . . now stop stressing out, WE DID IT!!! To Norma Jean and David Hare who guided me into the unknown territory of 'Yearbook Editor' and who were very difficult to catch on film! Brent Evans, who has inspired me to be involved and concerned with my school, thank you for everything. To my housemates; Cheryl, Wendy and Paula, thanks for letting me drive you a little crazy with my yearbook stress. To Mikey who has supported me throughout this, and all of my endeavours, thank you. To my family, my mom and dad who have supported me through everything that I have done and given me the strength and courage to be anything I want, I love you. My sister, Alana, thank you for being there for me when I needed you and believing in me and supporting me throughout this job and my life. And last but not least, to the students of Lakehead University Residence. You are the people that make this such an amazing place to live . . . keep the spirit alive and Lakehead the best!!

Sincerely,

Aisling McGilly

SPORTS COORDINATOR
KATE POTOSKY

In September, our 30 sports reps were energetic and enthusiastic, armed with schedules and the knowledge of how to get people out of bed for 9:00am games (ouch!) . . . but unfortunately Mother Nature had something else in mind. How could the weather be so beautiful Monday through Friday and then all of a sudden, at about dinner time, the clouds would roll in and we would have a mud-pit of a field Saturday morning? I don't even want to recall how many times I cancelled sports or was woken up at 8:30am by curious reps. To see if games were still on. Eventually the weather cooperated and we actually did have ice for ball hockey and broom ball. Most major injuries were avoided and a lot of laughs were shared when bodies went flying one way and the ball another. The weather wasn't the issue with volleyball and basketball. It was nice to be inside on some of the cold winter mornings. Minor sports were a lot of fun for those who participated and a good time was had by all.

All in all, it has been a really great year. Thanks to the sports reps. Who worked SO HARD to get everyone involved YOU GUYS ROCK!

It's Wednesday night in

And all is fine and dandy
I go down to see Melissa
Because I'm craving 'Candy'
Brian's playing his bass
Which makes Mel smitten
Phil is singing Oasis
(Wanker thinks he's from

Steph is watching South Park
With Jamie, the Giggle Queen
Liz runs by, rubbing her eyes
And then begins to scream
Lisa chase Liz
Her face full of fear
"Oh my god, you guys
She just used Murine for

Melissa and Anthony stick
their heads out
And gape in disbelief
While Teena in cow pajamas
Shares her roommates grief
Tony missed the excitement
For he was out on his

Joel was on the computer
Creating "art" for the bulletin

Keith then tells us of

His new, invented sport
While Devron hangs out with

His buddy from the Fort

And pass Ryan on the way
He's going to his car
